

WHEN TRAINING DOESN'T WORK

5 DAY MINI-COURSE

CREATING GOALS

Having big picture goals for your dog and a list of the commands you need to reach those goals can be GREAT motivation. Remember, we're talking about BIG picture goals here... off leash at the lake, therapy dog to visit the nursing home, going camping on the weekend. Think big!

Watch the Day 3 video then fill out this worksheet. The first goal is filled out as an example. Feel free to either print out the worksheet, or save it to your computer and fill it out right on your computer screen.

3 steps to reach this goal:

- 1. teach her place*
- 2. increase distractions and distance*
- 3. practice ringing doorbell while she remains on place*
